About TRAIL Series Processing Inventories

Series listed are linked to spreadsheets which are the **TRAIL series processing inventories**.

These inventories, which may be downloaded, list individual report titles that have been processed by TRAIL for digitization and provide a link to the digital copy as it becomes available.

If you know of a report that is missing or would like to supply a needed report, please contact the [Coordinator of the Collections Working Group](#).

Note: A digitized report may not be viewable for many reasons due to the original item format, the time it takes to process/ship/digitize, and to copyright issues that preclude public access of the image.
