Lieutenant Citron was relieved from active duty June 22 and returned to his home in New York. He will practice medicine on Long Island, New York, for the rest of the summer.

According to his present plans Dr. Citron will begin a practice of his own at Romney, West Virginia, some time in the fall and visit Bond frequently.

New Camp To Be Built on Slope Of Meadow Mt.

Camp S-68 will be built on the southeastern slope of Meadow Mountain just below the uppermost peak at Bittinger Fire Tower. The location is 5 1/2 miles northwest from camp S-60 and approximately six miles from New Germany Camp. The camp will be one-half mile from the Meadow Mountain State Road. All barracks will be of the very latest construction, type, and structure, and every possibility for convenience for the personnel has been considered.

The general plan of building location is such that at the future main entrance on the upper side one comes to the officers quarters, and running directly opposite, running at right angles, will be the administration building with the mess hall centered between the administration and mess hall.

Journalism Teacher Goes to Univ. of Md.

Miss Mary Smith Esther Smith of Central High School, Lebanon, Maryland, teacher of the Journalism Class of Bond Camp, will attend the summer school at the University of Maryland.

Until the return of Miss Smith in August, the class will be discontinued, but will be resumed as soon as possible.

The valuable instruction of Miss Smith has been largely responsible for the success enjoyed thus far by "The Barrack Bag" and every one connected with the camp paper is looking forward eagerly to her return.
