How can we strengthen the Internet for free expression and innovation?

This is an open call for ideas. We want to discover projects that make the Internet better. We believe that access to information is key to vibrant and successful communities, and we want the Internet to remain an open, equitable platform for free expression, commerce and learning. We want an Internet that fuels innovation through the creation and sharing of ideas. We don't have specific projects... Read The Challenge Brief

Welcome to Expunge.io for Illinois

If you were arrested when you were 17 or younger, you probably have a juvenile record - these records do not go away on their own.

The good news: most juvenile records can be erased through a process called juvenile expungement!

**Juvenile Expungement 1-2-3**

1. Find out if you’re eligible for juvenile expungement
2. Get your arrest information (rap sheet)
3. Apply for expungement

Report food poisoning
A project of the SmartChicago COLLABORATIVE
What happened?

Please be as descriptive as possible, letting us know what food items you consumed, what time of day, what was your first symptom, and for how long you were sick.

* What restaurant was it?  
  e.g. Pete's Fish Shack

* What was its address?  
  e.g. 70 E Lake St, Chicago, IL

* What happened?  
  e.g. I ate 2 chicken breasts from Restaurant Name around 7pm, and had diarrhea/vomiting at 2am. I felt terrible for the next 24 hours.

* When did it happen?

WE DO NOT FORGET
WE DO NOT FORGIVE
1: Query Local Board of Elections for “Active Registration Database”
• 2: Query City Clerk for “Municipal Employee List”
3: Compare names on “Municipal Employee List” with “Active Voter Registration”
• 4: Utilize Google streetview and exposed social media profiles to compile creepy walkthroughs of people’s houses
• Step 5: lulz!
