Electronic resources: new ways to build collections for CRL Libraries

Electronic Resources: new ways to build collections

1. In-house digitization (digital delivery)
   http://www.crl.edu/services/digital-services/

2. Collaborative digitization initiatives

3. Negotiated discounts for licensed content
World Newspaper Archive

- Member funded: over 60 charter contributors, plus other CRL libraries offered moderate, scaled purchase price

- Modules available on NewsBank platform:
  - Latin America
  - Sub-Saharan Africa
  - South Asia (open trial over 8/9/10)
American Periodicals from Center for Research Libraries (APCRL)

- CRL content digitized and distributed by ProQuest
- Over 300 trade and popular journal titles (3 million page goal), some from CRL members
- CRL discounts for purchase
- Digital ILL for all CRL libraries
EThOS (British Library’s Electronic Theses Online Service)

• CRL has sponsored accelerated digitization of 400 priority titles we hold in microfilm – majority are Islamic themes
• Demand purchase – funding individual titles requested by researchers
Collaborative Digitization: consortium partnership

- New undertaking with Law Libraries Microform Consortium (LLMC)
- LLMC-Digital database: 20 million pages converted legal and government texts
- Access open to all CRL libraries in FY11
Joint Steering Committee

-- Guide identification of collections for future digitization from CRL and other repositories

-- Support CRL libraries’ research interests, particularly area studies – African, Latin American, etc.

-- Over 5 million pages added to LLMC-Digital annually
Electronic resource collection building: negotiated discounts

- Specialized resources often not obtained through regional consortia (news, area studies primary resources, etc.)
- FY10 Purchase Proposal identified digital collections, two prioritized (*Mass Observation, Making of the Modern World*)
- Discounts jointly offered with NERL in May 2010
- Very favorable discount; member interest but modest take-up (titles already marketed)
Electronic resource collection building: negotiated discounts

- For FY11: gauge member interest during pre-release, leverage scaled negotiated rates for local purchase
- Timing keyed to product release instead of purchase ballot schedule?
- Two titles: Foreign Office Files for Afghanistan (Adam Matthew), *Times of India* (ProQuest Historical Newspapers)
- We will hold teleconferences to discuss options on 8/30 & 9/8 -- look for e-mail notices
