

Improving the Infrastructure for Managing Shared Print Collections

Nick Valentini, OCLC Shared Print Product Manager

Amy Wood, Head of Technical Services, CRL

Center *for* Research Libraries
.....
GLOBAL RESOURCES NETWORK

Agenda

1:00-1:30 PM CDT

- Overview of the project
- Description of OCLC's existing monograph shared print registration services as the foundation for shared print serials registration
- Description of PAPR and points of data synchronization

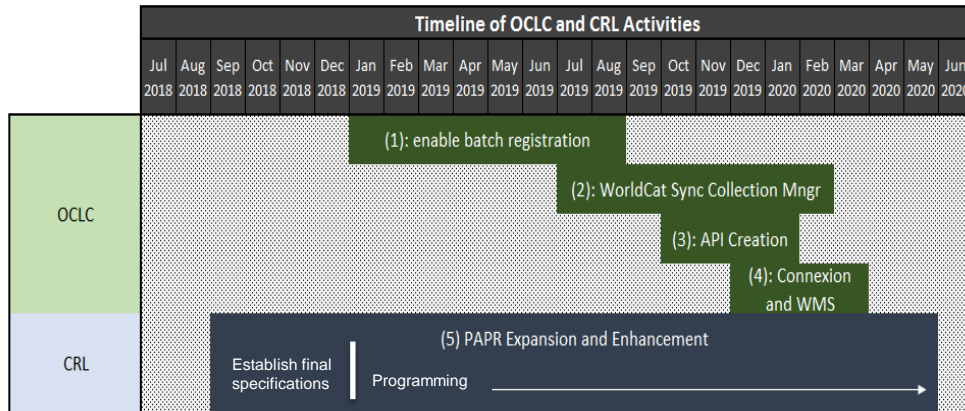

1:30-2:00 PM CDT

- Question and Answer via chat feature

Infrastructure for Shared Print Collections

- Scholarly Communications grant from the Andrew W. Mellon Foundation
- OCLC-CRL collaboration to support improvements in the infrastructure for managing shared print collections
 - **Improve registration, discovery, access to large-scale data** to enhance decision-making for shared print programs.
 - **Systematically sync WorldCat and the PAPER database.** Libraries can register once, but have their holdings in both databases.
- Project period: July 1, 2018 - June 30, 2020.

Shared Print Monograph Registration Service Features

- Allows batch creation of Shared Print monograph retention commitments
- Uses non-MARC data to create LHRs (via 583 Action Note)
- Eliminates the need for an OCLC second symbol
- Provides ability to output MARC records in multiple formats, including non-interleaved LHRs, for input into ILS
- Discovery in Record Manager, Connexion, WorldCat Discovery
- Included in a library's OCLC cataloging subscription
- Mellon grant will allow OCLC to enhance existing registration service to include multi-part/serial formats as well as API

Shared Print Monograph Registration Service Currently Available

- Shared Print Registration Service went live on June 1st
- Pilot program has registered ~240,000 retention commitments in WorldCat
- Documentation available at www.oclc.org/shared-print.html

Email for a walkthrough of the service

Program Description

The Western Regional Storage Trust (WEST) is a distributed print journal repository program in the Western Region of the United States. WEST has 69 members from sixteen states concentrated in the Western and Southwestern states. WEST's committed volumes are housed in a variety of environmental conditions and facilities. Volumes at lower risk for loss are housed on publically accessible library shelves, while those at higher risk are kept in secure, controlled facilities.

Program Details

- **Program URL:**
<http://www.cdlib.org/west>
- **Organization URL:**
<http://www.cdlib.org/west>
- **Members List:**
<http://www.cdlib.org/services/west/about/members.html>
- **Country:** USA

Operating Details

- **MOU URL:**
<http://www.cdlib.org/services/west/docs/WESTProgramStatement.pdf>
- **Archive Type:** Print
- **Status:** Operational
- **Format Archived:** Journals
- **Selection:** WEST collection analysis prioritizes materials for archiving based on risk and duplication. Their process suggests materials eligible for deselection and identifies potential Archive Holders/Builders for those materials.
- **Retention Period:** 25 years
- **Ownership:** Original owner

PAPR is a service of the Center for Research Libraries (CRL), an international consortium of university, college, and independent research libraries who acquire and preserve traditional and digital resources from a global network of sources. See [PAPR Terms of Service](#) and [PAPR Record Use Policy](#). Questions or comments: papr@crl.edu.

Communicating with Shared Print Community

- Project page url: <https://www.crl.edu/shared-print-data-infrastructure-project>
- Webinars (schedule TBD)
- Sessions at various conferences (e.g. Charleston, PAN Forum @ ALA, etc.)
- Emails:
 - Nick Valentini, valentin@oclc.org
 - Amy Wood, awood@crl.edu
