

63rd Annual Meeting
The Council of Voting Members

Global Resources Collections Forum

Center for Research Libraries

April 20, 2012

Shaping CRL's Strategic Agenda:

**Primary Sources and Research
Collections**

Agriculture

Presenters

- **Bernie Reilly**
President, CRL
- **Amy Wood**
Head, Technical Services

Agenda

- Background and Rationale
- Cooperative Print Archiving by Domain
- Discussion

Cooperative Print Archiving by Domain

Developing an Infrastructure to Sustain Scholarly
Resources in Agriculture

Amy Wood

Center for Research Libraries

Archiving By Domain

- Similar commitments to supporting research and teaching
- Inherent shared interest in preserving essential resources
- Strong institutional commitments to the material
- Strong ties among partners enable more services and foster free exchange of information

Project Goals

- Focus on legacy print collections in the field of Agriculture
- Create consensus-based cooperative archiving on a national level
- Create replicable models and a sustainable framework for archiving in other domains

Goal 1 : Legacy print collections in the fields of Agriculture (Scope)

- Serials identified and microfilmed by the USAIN microfilming project
- Serials in Core Historical Literature of Agriculture (CHLA) collection
- Serial government publications

Goal 2 : Consensus-based cooperative archiving on a national level

- Decide on archiving priorities
- Develop formal agreements specifying long-term archiving commitments of participants
- Create timeline of activities to implement a cooperative archiving program

Goal 3 : Replicable models & sustainable framework for archiving

- Templates for archiving agreements and commitments
- Data, administrative services, communications platforms to support ongoing archiving
- Options for improving preservation conditions, expanding services, increasing holdings
- Tools to determine costs and incentives
- Profiles and assessments of institutions and programs

Tangible Outcomes

- Web accessible information base providing data on title holdings, conditions, services
- Formal service agreements for archiving commitments
- Adaptable templates for service agreements and specifications for archiving provisions and levels of service

Outcome 1 : Web accessible information base

Print Archives Preservation Registry

- Registry of programs, institutions, programs and facilities involved in print archiving
- Registry of archived titles, holdings and preservation related data
- Collection analysis tools and reporting functions to support local decision making

Registry of programs, institutions, programs and facilities involved in print archiving

Core Historical Literature of Agriculture

[View Archived Titles](#) [Download Archived Titles Data](#)

The Core Historical Literature of Agriculture (CHLA) is a core electronic collection of agricultural texts published between the early nineteenth century and the middle to late twentieth century. Scholars have selected the titles in this collection for their historical importance. Libraries that provided volumes for scanning agreed to retain the original print volumes.

transformed digitally	4//[200		CHLA	OCR		

Outcome 2 : Formal service agreements

- Specify long-term archiving commitments
- Define acceptable preservation conditions
- Agree on resource sharing services

Outcome 3 : Adaptable templates

- Memorandum of understanding (MOU)
- Options or range of acceptable conditions and services
- Determination of costs and ways of expanding support

Activities

- Webinars and teleconferences
- Reviewing available data, preparing file of test records for PAPER
- Site visits to University of Wisconsin, Texas A & M, North Carolina State, Penn State

Next Steps

- USAIN meeting
- Develop draft documents based on outcomes of USAIN meeting
- Agree on data needs and transfer format
- Develop timeline for implementation

More Information

A faint, light-colored world map is visible in the background of the slide, centered behind the text.
