

SOUTHEAST ASIA MICROFORM PROJECT (SEAM) HOLDINGS LIST 2011

**Southeast Asia Microform Project
Center for Research Libraries
6050 South Kenwood Ave.
Chicago, Illinois**

August 2011

SEAM HOLDINGS LIST AUGUST 2011

This catalog represents the complete holdings list for the Southeast Asia Microform Project (SEAM) as of August 2011. It contains all items represented in CRL's Catalog <http://catalog.crl.edu/> as well as any material not yet cataloged.

The catalog is sorted by country of imprint, followed by main entry (Author, Title). In select cases, materials held or filmed in one country relating to a different Southeast Asian country or region have been inserted in the appropriate country for ease of finding. Papers relating to ASEAN and SEATAC conferences may be found under holdings for the United States, where they were filmed.

Items are arranged by type of publication (monographs and serials). Titles in **bold** indicate a major microform set or special collection. For convenience, all newspapers held by SEAM are arranged by country & city at the end of this catalog.

The contents of each record are arranged in the following order:

Call #	(local CRL location, e.g. MF-10419 or FICHE SEAM)
Author	(primarily applies to monographs)
Title	
Uniform Title	
Imprint	(place of publication)
Series Title	(if part of a larger collection)
Notes	(descriptions, filming agent, etc.)
Holdings	(for serials and newspapers)
OCLC#	(e.g. 19249820)

Records may be truncated for the sake of brevity. In all cases, the authoritative record is that in the [CRL Catalog](#).

Note: for all entries where "SERIES = Great Collections Microfilming Project. Phase I, John M. Echols Collection," the following filming notes apply: "Microfilm. Ithaca, N.Y. : Cornell University, [1989-1991]. On 1 microfilm reel with other items ; 35 mm. (Great Collections Microfilming Project. Phase I: John M. Echols Collection)."
[Filmer and year filmed may vary]

The Southeast Asia Microform Project (SEAM) is a cooperative endeavor established to provide subscribing institutions with better coverage of research materials related to the study of Southeast Asia. For more information about SEAM, please visit:

<http://www.crl.edu/area-studies/seam>

SEAM is administered by the Center for Research Libraries.
