Greetings PAN,

I wanted to share a quick update regarding [HathiTrust's Shared Print Program](#). This year has been extremely busy for both HathiTrust and our Shared Print Program as we undertook a [strategic visioning process](#) and as part of that, a review of our shared print program. We will be completing our strategic visioning soon so keep an eye out for more information regarding all of that using the link above.

We also recently completed our [Phase 3 Pilot](#). We are working on finalizing the results of that work and planning for the next steps. I will plan to share that as soon as we have it completed.
